## Summary

---

AI&ML undergraduate with experience in full-stack web development using Django, React, PostgreSQL, and AI technologies. Passionate about exploring emerging technologies and continuously expanding my technical expertise.

## EDUCATION

---

Swarnandhra College of Engineering and Technology

Narsapur, AP

Bachelor of Engineering in Artificial Intelligence & Machine Learning

Aug 2023 - Aug 2027

## PROJECTS

---

### 1. HireHub Job Portal | Django, PostgreSQL

- ☑ Built a Django-based job portal.
- ☑ Added authentication and job management.
- ☑ Designed PostgreSQL database.

### 2. Krishi AI | Django, PostgreSQL, Gemini AI

- ☑ Built an AI-based crop recommendation system.
- ☑ Predicted suitable crops using machine learning.
- ☑ Improved farming decisions through data analysis.

### 3.DOC-SPOT | React, Django, PostgreSQL

- ☑ Built a Doctor appointment system.
- ☑ Added authentication and booking.
- ☑ Integrated MongoDB database.

## TECHNICAL SKILLS

---

Languages: Basic Java, Python, SQL

Frameworks: Django

Developer Tools: Git, GitHub, VS Code.

Databases: PostgreSQL, MySQL, SQLite

Libraries/AI: Gemini API, Sentence Transformers, Machine Learning

## CERTIFICATIONS

---

Web Development Using Django: APSCHE || Cyber Security : Cisco Academy || Machine Learning : Udemy
